PROFESSIONAL SUMMARY

Motivated and curious third-semester BCA (Data Analytics) student with a strong interest in Data Analytics, Artificial Intelligence, Machine Learning, and Software Development. I enjoy learning new technologies, solving real-world problems, and turning data into meaningful insights. I am continuously building my skills through academic coursework and hands-on practice. Eager to contribute to real-world projects and grow as a future technology professional.

EDUCATION

Bachelor of Computer Applications (BCA) – Data Analytics

Vidyavahini First Grade College, Tumakuru

Affiliated with Tumkur University

Current Semester: 3rd Semester

CGPA: 8.64/10 (1st Semester)

Expected Graduation

2028

Pre-University College (Class XI-XII)

Vidyanidhi Independent PU College, Tumakuru

Karnataka School Examination and Assessment Board (KSEAB)

Percentage: 91.3%

Year of Completion

2025

Secondary School (Class I-X)

Kendriya Vidyalaya, Tumakuru

Central Board of Secondary Education (CBSE)

Percentage: 61%

Year of Completion

2023

TECHNICAL SKILLS

Programming &
Web Technologies

- Python
- SQL
- HTML
- CSS

Data Analytics
& Visualization

- Microsoft Excel
- Power BI

Tools & Platforms

- Git
- GitHub
- Visual Studio Code

Currently Learning

- Advanced Python
- SQL
- Machine Learning
- Artificial Intelligence
- Data Analytics Concepts

KEY STRENGTHS

- Data Analysis
- Problem Solving
- Logical Thinking
- Data Visualization
- Database Fundamentals
- Version Control using Git

SOFT SKILLS

- Analytical Thinking
- Communication
- Team Collaboration
- Time Management
- Adaptability
- Quick Learner
- Self-Motivated

ACADEMIC PROJECTS

01

Credit Card Customer Behavior Analysis

Tools Used: Python, Pandas

- Cleaned and organized customer transaction data.
- Performed exploratory data analysis to identify spending patterns.
- Generated insights using data visualization and analysis techniques.
- Improved understanding of data preprocessing and business analytics.

02

Power BI Business Dashboard

Tools Used: Power BI, Microsoft Excel

- Created an interactive dashboard to visualize business data.
- Designed KPI cards, charts, and reports for better decision-making.
- Developed practical skills in dashboard design and data visualization.
